# About us...

For-ethiopia is a small UK registered charity operating from Bristol with the aim of providing sustainable development to help the people of Ethiopia move towards self-sufficiency.

For-ethiopia works to relieve poverty and sickness, to preserve and protect health and to advance education among the people of Ethiopia who are in need.

For-ethiopia was formally founded in October 2004, twenty years after the BBC first broke the story of the famine in Ethiopia to the British public's attention on 24th October 1984.

As a small charity, we have the benefit of very low overheads. We do not pay salaries, hire professional fundraisers or rent expensive offices...

Because of this we are able to put all of the money direct to projects to benefit those who need it!
